SARA EDUCATION TRUST
Reg. No. 2024/25/IV/389

Dear Readers,

We are thrilled to present the annual report of SARA, a journey that reflects our unwavering commitment to empowering under-represented communities through free and open-source data science education.

At SARA, our mission is to bridge the gap in data science education by making it accessible to all, regardless of their background. We believe that everyone deserves the opportunity to learn and grow in this rapidly evolving field. Our workshops and educational programs are designed to demystify complex concepts and make learning an enjoyable experience.

We are grateful for the overwhelming support and positive feedback we have received. Participants have praised our clear and patient teaching methods, which have made statistics and R programming less intimidating. The integration of research methodology, statistical knowledge, and data analysis skills in our workshops has been particularly well-received.

Our journey would not be possible without the dedication of our team and the trust of our community. We are committed to continuing our efforts to create a more inclusive data science community and to inspire a new generation of data scientists.

Thank you for being a part of this journey. Together, we can make a difference.

We hope you enjoy reading this.

Warm regards,

Dr. Ajay Koli, PhD
